SUMMARY

Eager to apply technical knowledge in software development, network administration, and systems analysis to contribute to an innovative organization. Committed to continuously expanding skill sets while delivering efficient and effective IT solutions that support business growth and operational success.

WORK EXPERIENCE

Customer Service Representative, Alldigi Tech Ltd **November 2025 - Present**

- Acted as the first point of contact for clients, guiding them through systematic troubleshooting steps to resolve platform issues and minimize downtime.
- Delivered clear, step-by-step instructions to clients, ensuring they could effortlessly navigate the platform and access the tools they needed.
- Simplified complex information and technical data into easy-to-understand language, empowering clients to fully comprehend their accounts and platform features.

Programmer, Lamina Studios **February 2025 - May 2025**

- Developed AI navigation, enemy logic, and animations, enhancing strategic gameplay.
- Designed stealth-focused terrain (vertical paths, hideouts) paired with moody lighting (dynamic shadows, ambient glow) to shape player movement and tension.
- Designed immersive stealth mechanics and NPC behaviors, balancing creativity with technical constraints.

EDUCATION

Bachelor of Science in Information Technology **September 2021 - July 2025**

STI College San Jose Del Monte

- Developed a game titled “Disaster Rush: A 3D Virtual Educational Simulation Game for Natural Disaster and Survival” using C# and Unity, which was showcased in a Capstone Exhibit.
- Graduated with Latin honors, cum laude, in recognition of academic excellence.
- President’s Lister from 2022 to 2025 for outstanding academic performance across consecutive semesters.
